FIRST TIME FOR THE PETS IN U.A.E AND MIDDLE EAST

Benefits of Microchip

- **Microchip is a safe, reliable and life long form of identification, which is easily scanned.**
- **Lost, stray or stolen microchipped pets can be reunited with their families when found.**
- **Microchips helps maintaining the medical history of the pet.**
- **In most countries, microchipping is compulsory.**
- **Travelling and transportation of pets require microchipping.**

Where you can get your pet registered?

Ask Your Vet to Microchip your pet with 15 digit ISO microchip and get it registered at
www.aniworldbase.com
